

This map displays a section of Missouri, highlighting several counties: Iron, Schlicher, Tom Green, and Concho. The map is characterized by a network of roads, with major routes like US-160 and US-169 clearly marked. Towns such as Meriden and Hamilton are visible. The map is divided into sections by a red horizontal line and a blue vertical line. Labels for 'CROCKETT 105', 'SUTTON 435', 'SCHLEICHER 413', and 'TOM GREEN 451' are present, indicating specific areas or jurisdictions. The map also shows various geographical features, including rivers and smaller towns like Hamilton and Meriden.

Where state and county, and/or MCD boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

State and county names are followed by their FIPS code.

1 MCDs are symbolized and labeled only in the 12 strong MCD states: Connecticut, Maine, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, and Wisconsin.

2 Incorporated place name color corresponds to the incorporated place fill color.

3 The full census tract code consists of six digits with an implied decimal point between the fourth and fifth digits. For legibility on this map, the leading zeros have been stripped and the decimal point is shown. To translate a census tract number on the map to its full code, add as many zeros as needed to the left side of the number to reach six total digits and remove the decimal point before the last two digits.

Example: Census tract number on the map "33.07" represents census tract code "003307"

Due to space limitations, some road names, along with other feature and geography names on the map, may not be shown.

The plotted map scale is 1:94,058
